## Sparkling WANDA JACKSON

WANDA JACKSON

From shows at Las Vegas' Golden Nugget, to various t.v. appearances and recording sessions, Wanda Jackson is one of the brightest stars in Country and Western Music, and getting brighter every day.

A professional singer since she was 13-years-old, Wanda is a well-seasoned, versatile artist, who also has quite a drawing from the popular crowd as well. Songs like "Open Up That Door," and many others have won her an ever increasing non-western and hillbilly audience, which is certainly a tribute to any country artist.

Wanda, very pleased with her ever-increasing popularity and success, is quick to make it known how proud she is of the people who have helped her along the way. "I've always had very fine backing and coaching," says Wanda, "and this is one of the things that can make a big difference. Without the proper guidance, especially when you're starting, you can get off on the wrong track and fall short of your true potential."

Among the names mentioned for having been a big help, none is higher than Wanda's manager, Jim Halsey who has been guiding Wanda for several years now.
